

# NEBRASKA-IOWA KEY CLUB DISTRICT

## Hello, Nebraska-Iowa,

As I mentioned in my Governor's Greeting, I strongly encourage all club members to consider serving on a District Committee. This is an excellent opportunity to get more involved with Key Club beyond the club level and to gain valuable insight into how the District Board operates.

While you won't be serving as a District Board Member, you will play an important role as a District Committee Member by contributing to impactful projects and helping shape the work we do across the district.

I've linked the application below for your convenience. If you have any questions about the application process or what it means to serve on a District Committee, please don't hesitate to reach out to me. I'm more than happy to help!

Yours in friendship and service,

*Lilly Frideres*
